1) Which of the following code fragment(s) is/are true?
       a. public class Main
                  static public void main(String[] argv) {
                         System.out.println("Hello World");
       b. public class Main
                  static public void main(String[] args) {
                         System.out.println("Hello World");
       e. public class Main
                  public static void main(String[] args) {
                         System.out.println("Hello World");
       d. public class Main
                  public static void main(String[] argv) {
                         System.out.println("Hello World");
 ☑ a.
 ☑ b.
